Sandale Utility Products USA can supply specialized pipe dimensions. Contact your Sandale Utility Products USA location for availability of dimensions not listed.

HDPE IRON PIPE SIZE (IPS) PRESSURE PIPE

Pipe weights are calculated in accordance with PPI TR-7. Average inside diameter calculated using average OD and minimum wall plus 6% for use in estimating fluid flows. Actual ID will vary; when designing components to fit pipe ID, refer to pipe dimensions and tolerances in applicable pipe specifications

Pressure ratings are for water at 73 deg F. For other fluid and service temperature, ratings may differ. Refer to Engineering Manual for consideration.
